EXPERIENCE THE
EXCEPTIONAL

Your yacht is an extension of yourself. A statement of your lifestyle. She needs to deliver unforgettable experiences for you, your family and friends. Every Princess yacht is designed with our forward-thinking mentality and crafted with meticulous attention to detail. So whether you're dashing across the water or moored in your favourite bay, you will recognise the difference our design and details make, inside and out.

Experience the exceptional.

CRAFTED IN PLYMOUTH

Perched on the edge of the English Channel lies the city of Plymouth, where we established our home in 1965. Today Princess shipyards cover an area of over 1.1 million square feet, an area rich in British maritime heritage. In fact, South Yard, where our X Class Super Flybridge yachts are constructed, is a former naval yard dating back to the 17th century. From the outset, our goal has been to meticulously sculpt our yachts around our owners' enjoyment of them. Such dedication and attention to detail resonates deeply with our Plymouth craftspeople.

Over 3,000 people, each possessing a mastery of their skill, fastidiously realise this vision in our shipyards. Through a culture of innovation, our yachts are not only some of the most technically-advanced in the world but also the most beautifully realised.

THE EXPERIENCE OF PERSONALISATION

Every yacht in the Y Class range is unique. We start with an inspiring platform, combining luxury and performance, with a focus on meticulous detailing. It's then down to you to create your ultimate yacht with a variety of layout options and a fine selection of designed interiors with expert guidance from the Princess Design Studio. It is this journey that makes the Y class so enticing. A refined yacht that is ingenious by design, exciting to experience and personalised by you.

Y CLASS

Discover a world of motor yachting that's ingeniously crafted to capture your imagination. Meticulously detailed surroundings finished with the finest materials, bathed in space and light, create a compelling conversation between every area of the boat. A sophisticated experience with the power to excite.

Y 85

The new Y85 is classically Princess. The refined full length hull glazing compliments the latest Y Class styling, encompassing an interior sanctuary within. Organic, elegant forms frequent each area of the yacht, illustrating the unique capabilities of our craftspeople.

The elongated main deck offers ample entertaining spaces, from the large aft cockpit area available in a range of configurations including a central cockpit table or convertible seating arrangement, through to the saloon's circular dining area to seat eight guests. The flexible galley arrangement allows for the utmost privacy for guests with the crew able to move discretely around the yacht.

Below, four cabins are flooded with light from the sweeping full length hull glazing, showcasing the luxurious materials and fixtures selected by the Princess Design Studio.

With twin MAN V12 engines propelling her to a top speed of up to 31 knots, the Y85 cruises past fellow contemporaries without looking back. Unmissable, the new Y85 is unmistakably Princess.
